What Our Members Say

"To a real money saving company, thank you. All I can say is I am grateful that I found your website. I have immediately put my plan to use and it has paid for itself in multiples on just one cleaning and check-up with full x-rays and four fillings in three visits."

Savings plans are NOT insurance and the savings will vary by provider, plan and zip code. These discounts are available through participating healthcare providers only. To check that your provider participates, visit our website or call us. Since there is no paperwork or reimbursement, you must pay for the service at the time it's provided. You will receive the discount off the provider's usual and customary fees when you pay. We encourage you to check with your participating provider prior to beginning treatment. Special promotions including, but not limited to, additional months free are not available to California residents or on Fully Insured Plans. Note - not all plans and offers available in all markets. © DentalPlans.com, Inc. All Rights Reserved.
